To,
Principal / Director

SUB: Publishing success stories of alumni of the institution.

Respected Sir,

We are pleased to introduce **CISTED FOUNDATION** as a group of Professors, Industrialists, Businessmen, and Innovators working together in the form of NGO under Section 8 helping a cause of promoting innovation and entrepreneurship in young generation.

In view of emphasising about innovation and entrepreneurship in the mind of fresh Entrants, their Parents and Faculty of the institution, it is kept in view of publishing a book about "**Success Stories of Achievers**" from the alumni. As such, please send us the typical (well known) success / failure stores of the alumni of your institute.

We feel sure that such a book when made available to the fresh students on their first day of the course, will kindle a spark in their minds in the course of time about their own business or industry or innovation. This is an effort to divert the attention from seeking only employability after completion of course. This kind of effort will help the Institutional Heads to give equal importance to job seekers and to become job providers for some of them in the course of time.

We are sure Sir, that you will agree with this thought process that our efforts will help the cause of making "Self-Reliant India" आत्मनिर्भर भारत.

Thanking You,

With regards,

Yours Sincerely,

Directors

Prof. B.D. Kelkar, Prof. Anil Yardi, Dr. S.V. Ranade, Prof Suhas Deshpande,
Dr. Girish Kulkarni, Dr. S.D. Khambe
